CENTRO CULTURAL STJØRDAL. NORUEGA

El Centro Cultural de Stjørdal es un nodo importante de la comunidad, tanto a nivel local como de la propia región. El edificio es un lugar para que todas las personas interesadas en la cultura exploren y desarrollen sus habilidades y talentos. Sus instalaciones constan de biblioteca, centro juvenil, teatro, salas de conciertos, cines y espacios para danza, música, medios, arte y otras actividades. Además, dentro de la misma envolvente, incorpora una iglesia comunitaria y espacios de oficinas. El proyecto está anclado e inspirado en la historia y la cultura de su ubicación. Al mismo tiempo, la arquitectura transmite su función moderna y el pulso del tiempo y el lugar. El Centro Cultural de Stjørdal está diseñado para ser un espacio inspirador que brinde a los visitantes experiencias y oportunidades, contribuyendo así a una rica experiencia local, cultural y arquitectónica.

The Cultural Center of Stjørdal is an important node of the community, both locally and in the region. The building is a place for all people interested in culture to explore and develop their abilities and talents. Its facilities consists of a library, youth center, theatre and concert halls, cinemas, and venues for dance, music, media, art and other activities. In addition it incorporates a community church and office spaces, within the same envelope. The project is anchored in and inspired by the history and culture of its location. At the same time, the architecture conveys its modern function and the pulse of the time and place. The Cultural Center of Stjørdal is designed to be an inspiring place that provides the visitors with experiences and opportunities, thus contributing to a rich locational, cultural and architectural experience.
